

Supply, installation and put in operation of (12) mobile units with capacity 315 mw

Design, Supply, Manufacturing and Commissioning of Gas Stations in respect with customers' needs for the delivery of gas in appropriate conditions (filtration degree, pressure, temperature, flow capacity) to the consumers. Metron can design and produce stations for HP/MP/LP pressure ranges and various gas receiving conditions (sweet or sour gas, low temperature, high water/HC condensates)

#### Scope

Detail design, engineering, supply, manufacturing, routine testing, witnessed testing in factory and test reports of 6 mobile gas receiving stations capable each to deliver gas for the demand of one tm2500+ aeroderivativee type power generation unit

#### TECHNICAL DATA

Region- Country:	Africa, Ghana
Location:	Takoradi
Project:	Supply, installation and put in operation of (12) mobile units with capacity 315 mw
Client:	METKA
Date:	2016
